

FAMILY COURT ENHANCEMENT PROJECT

Developing safer outcomes for families

Improving the family court response to custody cases and parenting decisions involving domestic violence so that resulting parenting arrangements protect the emotional and physical well-being of victimized parents and their children.

Participating courts

The four courts participating in FCEP are diverse in their regional representation, areas of interest and concern, community partnerships, and court structures. Three sites are Family Courts (the state of Delaware; Hennepin County, MN; and Multnomah County, OR); the fourth addresses custody through orders for protection in their Domestic Violence Division (Cook County, IL).
